# 3 Objectives and Beneficiaries

## **OBJECTIVES:**

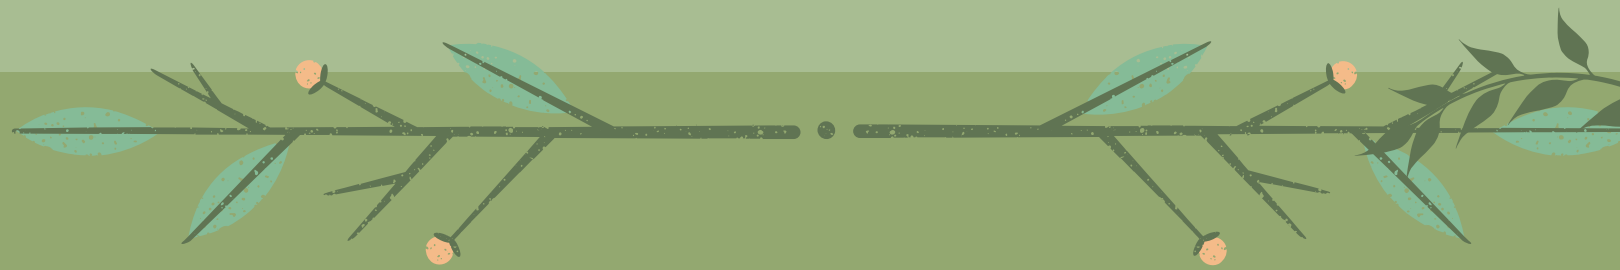

- I. Bullying is what usually people do. Some do that because of taking revenge and some do that just because they want to express their anger.
- II. People who do bullying are people that who don't usually didn't feel the feeling of love.
- III. Stopping bullying is what we always need but we also realize that after we bully someone we began to notice what we have done and feel what others feel that's why we stop.

## **BENEFICIARIES:**

- I. We can get some benefits by get some learning's from people who bullied us.
  - II. We also learn that expressing our emotion with someone or in other people cannot solve our problem. We're just hurting those innocent people.
  - III. We began to realize that what we just did affect of other people's lives. We also began to feel what is the feeling of being bully by someone that you don't even know, you were just being bullied of your skin color etc. That is why we also learn how to stop it.

# Project Proposal (Introduction)

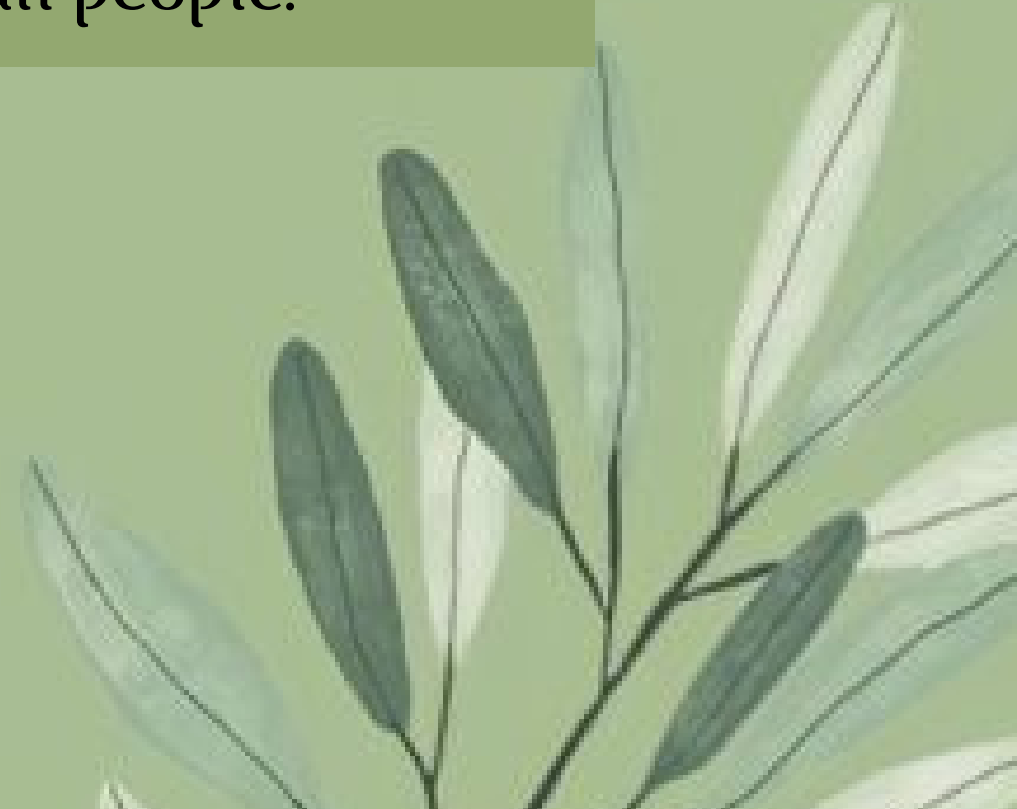

Bullying is one of the most serious problems in our society. It is defined as aggressive action or behavior directed at a specific individual with the intent of physically, mentally, emotionally, or socially harming them. It can occur in school, workplace, and even home. Some of them even consider it a normal part of their daily lives. Bullying causes low self-esteem, suicide, poor academic performance, and depression.

Study shows that bullies and their victims often have or develop serious psychological issues. In 2010, at least 3 million students reported being bullied, imagine all the students who doesn't report anything simply because they are afraid.

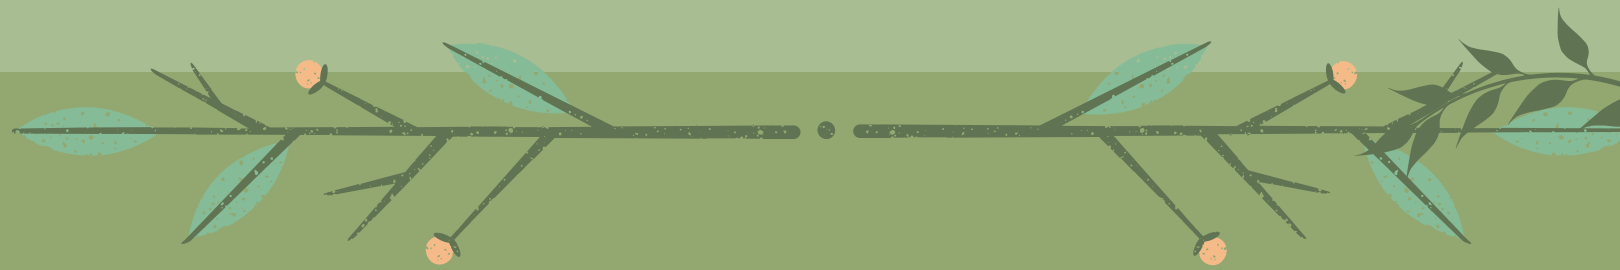

There are numerous reasons why children engage in bullying behavior toward others. Bullying gives people a sense of entitlement and superiority over others, which is one of the main reasons why people bully. Bullies lack empathy, control over their impulses, have hot-headed personalities, struggles to conform to rules, and lack appropriate social skills.

Bullying isn't particularly mentioned in the Bible, but that doesn't mean we can't apply biblical principles to address the issue. The Bible instructs us to love our neighbor as we love ourselves (Mark 12:31) and to treat others as we would like to be treated (Luke 6:31). Belittling or abusing someone has no place in the Christian faith. Every person, regardless of appearance or behavior, is created in the image of God and is worthy of the dignity that God bestows on all people.

# Rationale

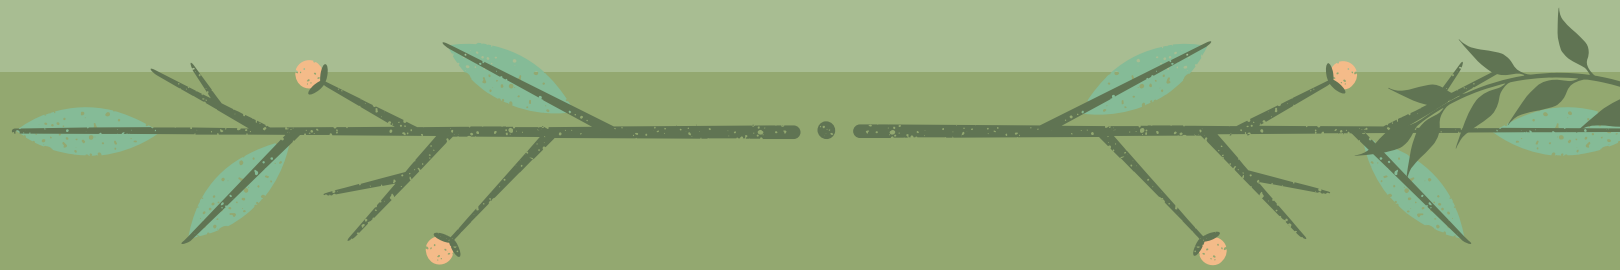

This proposal aims to spread awareness and to educate those who have been a victim of bullying. Bullying is not and was never only a joke between people. We chose the topic bullying it is because there are many bullies and victims. There are many people who are uneducated about bullying. We chose this topic because we want to educate people more about bullying. People are getting bullied because of their physical appearance, attitude, gender, and etc. Others think that bullying is a joke between teenagers and kids but no, it is the opposite. With God guiding us, we are hoping to educate and spread awareness not only to the victims but also to the bullies. To ensure these things in the future, people who gets bullied will have their courage back and live a normal life again. Hopefully, in the upcoming future generations, no one will get to experience bullying again.

# Solutions

Whether you're being bullied, tell them to stop, leave the area, and alert a trustworthy adult. Always inform an adult you know. Never put up a fight, but let the bully realize you aren't just an easy victim. Stay cool and confidently tell the bully to "stop it" then walk away. Do not reply immediately towards the bully's taunting. When you are being bullied, one smart option is to not react. Simply move away towards the best of your abilities. Start an Anti-Bullying club in your school. Bullying happens a lot in school because many knows each others attitudes and characteristics there.

# Prayers and Acknowledgements

## **PRAYER:**

Heavenly father thank you for the gift of life that you have given to us. Sorry for all the sins we had made and we will be making. Give us guidance in everything that we do. Please help us realize the wrong and right in our life. May you guide the people who's experiencing bullying and please make them strong. Please give everyone good health. In Jesus name we pray, Amen.

## **ACKNOWLEDGEMENTS:**

I would like to acknowledge those people who are victims of bully. Even though they are always having a hard time because they are being bullied by many, they still stand head up high because they know their selves more than anyone. They try to be brave in every way they can. Knowing what the bully says to them may be painful, they always try to think positively and just let it all go.
